## MRS-1000A Modular Rework System Transition to MRS-1100A

August 2011

OK International is pleased to announce several upgrades to its MRS-1000 Modular Rework System. The system has been enhanced by adding a free-standing board-holder, and a redesigned adjustable tool holder. The most noticeable difference is the addition of the BH-2000 free-standing board holder to replace the board holder rails that were part of the prior ATH-1000 system. This new board holder will provide more flexibility in board size and thickness, and a more stable working area.

Product Update

The Chart below outlines the changes that have been made to the system:

Prior MRS-1000A System			New MRS-1100A System		
HCT-1000	Convection tool	\$1995.00 €1535.00 £1348.00	HCT-1000	Convection tool	\$1795.00 €1258.00 £1107.00
PCT-1000	Pre-heater	\$1250.00 €910.00 £710.00	PCT-1000	Pre-heater	\$1250.00 €876.00 £771.00
ATH-1000A	Tool holder	\$1295.00	ATH-1100A	Toolholder	\$1095.00 €768.00 £676.00
LM-1000	Light	\$290.00	BH-2000	Boardholder	\$495.00 €347.00 £305.00
	<b>System Price</b>	<b>\$4830.00 €3715.00 £3264.00</b>		<b>System Price</b>	<b>\$4395.00 €3081.00 £2711.00</b>

## Product Update

### MRS-1000A Modular Rework System Transition to MRS-1100A August 2011

Product Update

**A few other changes to note:**

**HCT-1000** has been reduced in price. We have removed the footswitch and nozzle carrier that were included in the system. They are still available, sold separately.

**ATH-1000** has been reduced in price. The new design without the boardholder rails has allowed us to lower the cost of this component.

**LM-1000** Light magnifier is no longer included with the system. It is still available and sold separately. We have a new part number for the light and base plate together, LM-1000A, list price at \$395.00 / €277.00 / £244.00

**Availability:** These changes are effective immediately. We will no longer supply the MRS-1000A and MRS-1000B systems. The new MRS-1100A system is available to order now, however lead-times will stretch out initially to 6 weeks.
